

Please join us during the February RHI webinar presented by the Montana Nutrition and Physical Activity Program (NAPA). I will soon be sending out a link to download this latest tool from NAPA which has been prepared especially for schools in Montana, *Assessment of Children: How to Use Repeated Measures of Body Mass Index (BMI) to Assess and Prevent Obesity in Children*.

“Childhood Obesity Screening and Surveillance”

Thursday, February 11, 2010 9:00 – 10:30 am (Mountain Time)

Registration details:

<https://www2.gotomeeting.com/register/567078859>

Call in: (888) 617-3400

Room: 695912

Presented by:

Barbara J. Moore, PhD* and **Rachel Pahut, RN‡**

*Montana Nutrition and Physical Activity Program

‡Marias Medical Center, Shelby, MT

This webinar will focus on the measurement of children in schools or other settings and will cover:

- Planning, Safety and Confidentiality
- Engaging parents and health care professionals in the community
- What to consider and how to proceed
- Measurement protocols
- Calculating BMI and plotting age- and sex-specific BMI percentile

*If you are unable to attend the live session, this webinar will be recorded and posted online to view at your convenience. Please contact Shalina Mirza to receive the link.
